The concept of the EcoTrail® was born from the desire to create **REAL ECO-RESPONSIBLE NATURE RACE COURSES ACCESSIBLE TO ALL** in major emblematic cities and their suburbs. These events aim at highlighting **THE NATURAL AND CULTURAL ENVIRONMENT** of a region, emphasizing the importance of **RESPECTING THE ENVIRONMENT**, as well as **PROMOTING TRAIL RUNNING & OUTDOOR SPORT**. With various places already involved, we want to prove that organizing mass events can go hand in hand with **ECO-**

RESPONSIBILITY and **CONVIVIALITY**, and that a city can also become a place fit for nature race courses. Each destination offers its own trail running events on short and long distances, but also Nordic walking and hiking events. Each event must have a universal dimension and be committed to our cause.
